

Deb's Place

Episode Five: Money and Finance

This episode is best suited to encourage women of faith to view money as a kingdom tool, or resource, in the same way they view their skills.

Discussion Guide:

1. How can we use our money for Kingdom purposes, even if we don't have much?
2. How can money "make the world go round"?
3. What can we do to move out of the "more for me" syndrome?
4. Does God view us differently according to what we have or don't have?
5. What gift, other than money, do you have that could be used for ministry?

In light of what you have just watched and discussed, spend some time reflecting on the following verses and share their relevance:

2 Corinthians 9:6 - Remember this: Whoever sows sparingly will also reap sparingly, and whoever sows generously will also reap generously.

Philippians 4:19 - And my God will meet all your needs according to his glorious riches in Christ Jesus.

Deb's Place

Looking Forward:

Episode Six of this series looks at the issue of the Sexualisation of Women and Children, and deals with the issue of overcoming abuse.

This episode is a great outreach resource as it touches on the core of many issues that influence and define womanhood, views on womanhood, and that define what it means to be a woman in our world today.

We would like to encourage you and your small group to use this episode as an outreach tool.

We suggest you watch the episode with your small group, consider who you can invite to watch the episode with your small group, and then run an outreach screening.

We'd like to encourage you to implement all that has been covered in this series, and to use this screening as an opportunity to start and strengthen relationships with family and friends.

Please use the final episode as an opportunity to share your faith and the foundations of your faith, and as a way of introducing family and friends to the entire Deb's Place series.
