## Effective Ways to Share Your Faith in Public.

- \* look for opportunities to talk about faith.
- \* be confident when speaking about your faith.
- \* be patient. don't expect results straight away.
- \* represent your faith in an appropriate way in public.
- \* two keys to sharing your faith well in public:

1 – grace

2 – truth

*“as christians, we don't have to convince people about the truth. we need to illuminate the truth and allow that to speak to people”*
